

Dear colleagues,

Below is a short list of recommended hotels in Vigo. Unfortunately there is no Hotels close to the Institute, where the meeting will be. These hotels are in the Center of Vigo, very close one to each other. All the prices are special for the Institute and considering a block booking (I have considered 15 persons, but please tell me as soon as possible who will attend to the meeting, below it is a provisional list).

I would recommend the first one, Bahía de Vigo, it is in the same street as the Institute (but several Kms far), it is convenient to take bus (a direct one), but also a taxi (around 3 Euros per taxi from Hotel to the Institute, i.e. if in each taxi you travel four persons, it is almost the same price of the bus!). The location of this hotel is privileged with nice views to the Ria (fjord, Bay). Probably we will get a similar price for Cidade de Vigo but I am still waiting for his offer. Hotel America and Tres Luces are similar in quality, but only 5 rooms are available in Hotel America, but I know Kjell like it. Tres Luces is not so close (but no too far) and I know Hartmut like it.

There is of course more options. You always can visit the next Web site: <http://www.ase.net> and choose there for Spain and Vigo.

Hotel	Single room	Double room	Breakfast (buffet)
